

Introducing the ICA Umbrella Initiative

The ICA Umbrella Initiative was adopted by the ICA Board on 17 April 2020.

The purpose of the ICA Umbrella Initiative is to promote CPTED as a viable crime prevention approach, to promote the knowledge of CPTED, and advance CPTED theory and practice through collaboration between 3 levels: **Global** (the ICA), **Regional** (ICA Regions), and **ICA Chapters**.

We invite you to read more about this initiative and if eligible, consider joining the ICA family as a new ICA Chapter.
